A Summer Study Abroad Experience of Immersion and Interaction

The Sustainability Seminar Series is a four-week study abroad experience in Costa Rica centered on sustainability. This summer session will feature a concentration on sustainability in the hospitality industry, one of the country's most valuable exports. Hosted by researchers from the Tropical Agricultural Research and Higher Education Center (CATIE) in Turrialba, Costa Rica, your time abroad will consist of a combination of fieldwork, labs, lectures, and site visits.

Who Should Apply?

- juniors and seniors with at least a 2.5 GPA
- undergraduates interested in graduate school
- those looking to tackle the challenge of sustainability
- adventurous travelers seeking a unique experience
- students from any college and major
- anyone looking to gain international exposure

\$2200

Includes

- 6-credit hours
- Airport pick-up/drop-off
- Meals
- Housing

Does not cover

- Airfare & Spending money
- NMSU Study Abroad fees

Only a two-hour drive from the capital city of San José, Turrialba is located within the Province of Cartago in Costa Rica's Central Valley. Home to around 75,000 people, the city is located along the banks of the Reventazón river in the shadow of the Turrialba volcano. For details contact:
